

FIRE FIGHTING FOAM STATION MODELS: Non Coast Guard Approved

Hiller makes a variety of firefighting stations. We offer a standalone, galvanized reel with the option of fiberglass or stainless steel tank in different sizes. You can also specify the thread types needed for these units.

Model Numbers	Descriptions for Single Manifold Units
HHS-01-FG-60 (S)	Fiberglass 60 Gal Unit Single Manifold
HHS-01-SS-30 (S)	Stainless Steel 30 gal Single Manifold
HHS-01-SS-60 (S)	Stainless Steel 60 gal Single Manifold
HHS-01-SS-100 (S)	Stainless Steel 100 gal Single Manifold

Model Numbers	Descriptions for Double Manifold Units
HHS-01-FG-60 (D)	Fiberglass 60 Gal Unit Double Manifold
HHS-01-SS-30 (D)	Stainless Steel 30 gal Single Manifold
HHS-01-SS-60 (D)	Stainless Steel 60 gal Single Manifold
HHS-01-SS-100 (D)	Stainless Steel 100 gal Single Manifold

Note:

- “FG” and “SS” indicates the building material used for a unit.
 - FG=Fiberglass
 - SS=Stainless Steel
- 30, 60, 100 indicates amount of gallons in the unit tank.

Additional Fabricated Items:

21 ½” and 24” extension stand for the hose reel Model # HHS-EXT

Roller guides for hose Model# HHS-5-20
